NOTE.—It is to be borne in mind that the figures in this Table No. 7 represent the actual net receipts derived from the Customs, Excise, and Stamp Duties, as ascertained after the Revenue accounts have been finally rendered. They therefore do not, and cannot, correspond exactly with the figures given in Tables Nos. 2 and 4, which represent the payments made into the Exchequer, or "Exchequer Receipts," on account of these duties in each year.

‡ In addition to the loss by repeal of the Malt duty, Drawback was allowed on Stocks in hand on 30th September, 1880. This was estimated in the Budget at 350,000l., but amounted to 1,329,017l.

§ Estimated result after an interval of several years.

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.

* The produce of the increased rate of duty was barely equal to the amount of the old duty in 1877, and has since further declined.

† After allowing for accelerated receipt at old rates of duty in month of March 1880 (prior to new rate taking effect) over normal average amount.

‡ Amounts not specifically mentioned in the Budget.

§ Actual result on average of three years, 1883-4 to 1885-6.

|| Estimated result after an interval of several years.

NOTE.—As an increase of duty may lead to a diminished consumption or use of the articles taxed, the gain to Revenue is not necessarily a measure of the burden of the increase on the taxpayer.

* Amount not specifically mentioned in the Budget.

† In this year the produce of Fee and Patent Stamps hitherto forming part of the Stamp Revenue was transferred to Miscellaneous Revenue: had this represented a reduction of Income the amounts which would have appeared in the above columns would have been 855,000*l.* and 855,000*l.* under the head of "Budget Estimate," and 832,211*l.* and 856,532*l.* under the head of "Result," respectively.

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.

† This is the actual decline in the produce of the Stamp Duty on Marine Insurances for one year after the alteration of the Duty. It is quite possible, however, that the improvement in trade may have obscured in part the loss of the Budget concession.

‡ The amount mentioned in the Budget was 25,000l., but that referred to the total repeal of the Licence which was not carried out.

§ Grants made from the Exchequer to Local Authorities in England amounting to about 2,650,000l. were at the same time discontinued.

NOTE.—The loss to Revenue caused by the reduction of Taxes is in most cases less than the gain which the reduction affords to the taxpayer, because the loss to Revenue is generally recouped by an increased consumption or use of the articles taxed consequent upon the lowering of the duty. Hence the loss is not necessarily the measure of relief to the taxpayer.

* New assessments under Schedules A and B came into force for the Metropolis in 1881-82, 1886-87, and in 1891-92, and for the rest of the United Kingdom in 1879-80, 1882-83, 1885-86 and 1888-89.
 † The apparent increase in this amount as compared with that of the previous year arises from the duty being charged at 3½ of the rate in force, in lieu of the Parliamentary deduction of 4th being made from the gross rental of the free lands in England before being charged to duty. Allowing for this there is an actual decrease of about 1,629,905l. in the net value of lands in England for 1882-83.
 ‡ Not yet completely ascertained.

NOTE.—More precise information having been obtained as to the receipts of Local Authorities for the year 1888-9, it was discovered that in previous years large sums received in respect of the sale of gas and water by Urban Sanitary Authorities had been returned as receipts from Rates. The figures for previous years have been corrected as far as possible, and now show, as nearly as the accounts will allow, the receipts from Rates. Repayments to local authorities on account of private improvement works executed by them, and previously included as rates, have also been excluded.

* In this return no distinction is drawn between those who work and those whom they support by their work. The whole population depending upon the occupation is included, in order to indicate the respective sustaining power of the different orders.

† Order III. is intended to refer solely to those not in the employ of the State making the return, but it is probable that in some cases the servants of the State itself have been included.

‡ Order XXIII. includes those not enumerated by occupation in certain wild tracts of Rajputana, Kashmir, and the Bombay States.

^a Excluding Berar and Mysore. ^b The first census of all British India was taken in 1871. For the population figures of 1861 and 1881 an approximate figure, on the basis of the 1871 census, has been entered, to attain which deduction has been made for the population of recently acquired territory and for an annual increment to the population.

^c Including for the years previous to 1864-5 the receipts from recently acquired territory not separately classified: after 1862-3 Forest Receipts are also included. From 1877-8 the portion of Land Revenue due to Irrigation is excluded from this head and shown under Public Works.

^d Excise, Assessed, Provincial Rates, Customs, Salt, and Stamps. Local Funds were incorporated in the General Accounts in 1878-9 and caused an addition of over 2,000,000*l.* to this head, the amount being balanced by sums entered under various heads on the expenditure side.

^e Including from 1875-7 Guaranteed Railway Traffic Receipts, and from 1877-8 the portion of Land Revenue due to Irrigation.
